REGARDING NEW MENU

Without having our dining room operational at this time, our new takeout menu is limited & modified to fit the current needs of the business. We thank you for your understanding.

IMPORTANT MESSAGE FROM THE G&P FAMILY

Firstly, we would like to graciously thank you for supporting our locally operated business during these times

As we continue to only provide take out food services, we want to assure you that we have implemented heightened precautionary measures. The well-being and safety of our amazing staff members and our incredible community is our #1 priority

We have installed a plexiglass barrier in our take out area to minimize risk of contact to our staff and our guests. We ask that upon pick up, you please distance yourself with other patrons that may be in the building at the same time. We have a large front entrance; please use the new mandated social (physical) distancing rule of remaining 6 feet apart from one another. We have a visual floor plan in our takeout area to help navigate this protocol. Also a hand sanitizer dispenser is installed in the takeout area; please feel free to utilize this.

We continue to be very vigilant in following health & sanitation measures and have drastically increased awareness of social distancing at all times. We, please ask that you do the same.

We are all in this together. It takes each and every one of us to implement change for the betterment of our future. We must be socially responsible and do our part.

We thank you again sincerely for supporting our local business. Without you, we wouldn't be here. From the bottom of our hearts, please stay safe and support one another. We will persevere. YUKON STRONG

*Yours truly & much love
The G&P family*
